Sixth Form Bursary Application Form.....	8

Overview

This policy describes how the school will distribute funds allocated by the government to support students in undertaking Sixth Form study.

For all bursaries, students must be aged between 16 and 19. Students over the age of 19 may be eligible for a discretionary bursary if they are continuing a study programme they began aged 16 to 18, or have an Education Health and Care Plan (EHCP).

Students on apprenticeship programmes are not eligible as this is classed as employment

Types of Bursary

There are two types of Bursary available:

1. Bursaries of £1,200 for all young people in the following nominated vulnerable groups:
 - ☛ Students in care
 - ☛ Care leavers (students that were previously looked after for a qualifying period defined by Government document '16 to 19 Bursary Fund guide')
 - ☛ Students claiming Income Support or Universal Credit
 - ☛ Disabled young people who receive Employment Support Allowance and Disability Living Allowance

This is known as the 'Guaranteed' award.

2. Discretionary bursaries to young people facing genuine financial difficulties which may affect their participation in education.

Acceptable requests

The level of bursary support provided will be dependent on the costs students can demonstrate they incur through their Sixth Form study. Documentary evidence of these costs must be provided unless the cost is a charge made by the school. Examples of costs would include (but are not limited to)-

- ☞ Travel to and from school
- ☞ Personal Protective Clothing or necessary clothing required for a course.
- ☞ Books, materials and equipment needed for a particular course (such as for art or other practical subjects)
- ☞ The cost of educational visits related to courses.

Some requests for support can be met through the school resources such as equipment or laptop loans.

Application

Students with an annual family income of less than £27,000 can apply for a discretionary award on the [form provided](#). The form requires details of expenditure and the family income. The student's family is defined as the combined income of those people with whom the student usually lives.

The school will also accept applications for support from the Bursary Fund from students whose annual household income is less than £29,000 but more than £27,000 for travel costs and specific school required course costs eg educational visits and revision guides.

The school recognise that family and individual circumstances can change, therefore applications can be made at any point within the school year.

Assessment and evidence of entitlement

The application form will be assessed by the School Business Manager and Head of Sixth Form. A meeting will take place with the student to discuss requests made, to decide upon the value of the grant payment. Changes to the request may be made where the value of the request is incorrect or where the school is able to resource a request from its own budget/supplies.

The application form requires proof of income. Failure to provide this may result in the refusal of an award. The maximum award will be dependent on the individual circumstances of each applicant, but will not exceed £1,200. The total awards will not exceed the funding made available to the school in any one financial year. Should valid requests exceed the amount the school has, then a scaling will be applied to awards.

If an application is received part way through an academic year, the value agreed will be split over the remaining months of study to the end of the year (last payment made in June).

Payment of bursaries

Payments will be made by direct bank payment to the student following the appropriate DCC systems. Payment cannot be made to other family members.

In some cases, the school will be able to source resources from the school budget/supplies due to the price being significantly lower for the school. The school will also be able to arrange transport passes for school buses and support trips relating to the student's study. Where this is possible, the value to the student will be taken off the grant and the school will make payment on the student's behalf.

Payments begin in October (with September and October paid together), then monthly to the end of term (June)

Conditions of payment

Payment is conditional on the following grounds:

-  good **attendance** including punctuality. Good attendance means that student's average attendance remains above 95% for the year. All absences must be properly notified and authorised by the school. Known absences (e.g. medical appointments, University visits etc.) should be notified to the student's tutor. Holidays during term time and prolonged medical absences (unless the student is remote learning) will not be paid as the bursary is awarded to support participation in education.
-  good **approach to study**. A good approach means that a student works consistently hard in class and endeavours to meet all independent study expectations and deadlines. Once a student has applied for a bursary their study habits will be monitored through the Sixth Form Centre and Teaching Staff.
-  **Behaviour** in lessons, around the school and the local community in school hours are also conditions of payment. If there are concerns raised by staff or the local community then the bursary payments will be in question.

A positive approach to attendance and study are expected by all students in our sixth form regardless of their eligibility for a bursary award. If the student falls short on the expectations of the school and grant, in terms of behaviour and/or attitude to learning, then future Bursary payments may be stopped/withdrawn.

If the student leaves the roll of the school they will no longer be eligible for bursary support. No further payments will be made, and any resources or equipment must be returned to school.

Decisions

An appeal about any decision in the first instance need to be made to the School Business Manager (SBM). Following a response from the SBM, the appellant may wish to contact the Headteacher and the relevant AGS governing body committee.

Audit

All application forms including the decision made will be kept for the appropriate period and an audit trail will be maintained on the finance system.

16-19 Bursary

Information for Year 12 and 13 students

What is the 16-19 Bursary Fund?

The fund is from the government department called the Education and Skills Funding Agency (ESFA) for 16-19 year olds. It is designed support students whose access to, or completion of, education is inhibited by financial constraints.

There are two types of fund available:

- **Guaranteed Bursary:** Students aged at least 16 and under 19 years of age on 31st August, who are in care, are leaving care, are in **direct** receipt of Income Support (not a parent), Universal Credit or are disabled and in receipt of both Employment Support Allowance and Disability Living Allowance are entitled to a guaranteed award of £1,200, which will be paid in instalments. If you fall into this category, please see the Head of Sixth Form.
- **Discretionary Bursary:** If the annual income of the home in which you live is below £27,000 you may apply for a discretionary award. The application will ask you to apply for help with books, stationery, equipment, travel and trips. If you would like to apply, ask the Head of Sixth Form or reception for an application form. You then need to fill it in and attach any required evidence and then return it to the head of sixth form, or reception.

If your annual household income is below £29,000 but above £27,000 you may be entitled to support with travel costs and specific course costs eg educational school visits.

Value of the Bursary

The amount of will depend on the type of bursary, family income, individual circumstances and a student's choice of A level options (certain courses will incur more costs, for example a student studying Biology will be required to go on a residential field trip in year 13). The maximum available to any one student in any one year will be £1,200.

When to Apply

You can apply at the beginning of the year or at any time during the year. You may wish to apply later in the year if your home circumstances change or you have expenses that you were not expecting.

How the money is paid

Money can **only** be paid into a bank account in your name. You will need to give these details on your application form. If the money is for a trip or for school books etc. the money will be transferred internally in school rather than paying you directly.

Payments begin in October (with September and October paid together), then monthly to the end of the academic year (final payment in June). If an application is received part way through an academic year, the value agreed will be split over the remaining months of study to the end of the year (last payment made in June).

Year 13 students

If you applied last year, you will need to reapply this year and provide up to date evidence of your need.

Conditions of Payment

Payment is conditional on:

-  good attendance, good punctuality and a good approach to study. (Attendance must not fall below 95%)
-  Good behaviour in lessons, around the school and in the community

Bursary payments can be withheld if these conditions are not met.

A positive approach to attendance and study are expected by all students in our sixth form regardless of eligibility for a bursary award.

If you leave the school you will no longer be eligible for bursary support. No further payments will be made, and any resources or equipment must be returned to school.
