

Anthony Gell School

10 August 2021

Dear Year 13,

Please find enclosed a summary of your results from the courses you studied in 2020-21.

During your time at AGS you have learned much, grown in stature and created strong friendships. You have been part of a wonderful group of young people, who have combined to make this great school even better. Thank you for all you have done and for the way you have approached your studies.

I hope your results help to exemplify and highlight many of your strengths, and provide you with the means to access the next stage in your career. You have exciting times ahead of you and the rest of your life to look forward to. You will respond to whatever challenges present and achieve many more successes in the future.

You leave AGS with enhanced knowledge and understanding, and a range of skills which will enable further progress. I, along with all of the other staff at AGS, look forward to hearing about what you do next.

Wherever your life takes you, continue to care, aspire and achieve.

Very best wishes,

Malcolm Kelly
Headteacher
