

PRODUCTION APPRENTICESHIP

12 MONTHS
STARTING SEPT 2023

This exciting 12 month production apprenticeship will teach you the practical skills and theory necessary to become a member working on our production line, manufacturing the Toyota Corolla.

Being taught in our onsite Manufacturing Skills Development Centre, you will develop the skills to carry out production processes safely, efficiently and to outstanding quality.

Once you have completed the programme, you will not only receive a **Level 2 Diploma in Manufacturing**, but a guaranteed permanent position at Toyota in one of our 7 production areas.

APPLICATIONS OPEN
MONDAY 3RD OCTOBER

APPLICATIONS CLOSE
FRIDAY 9TH DECEMBER 2022

44 MONTHS
STARTING SEPT 2023

MAINTENANCE APPRENTICESHIP

Throughout an exceptional 44 month training programme you will learn and develop the technical skills and theory to become a member of our outstanding maintenance team.

Training in our onsite Apprentice Development Centre, you will learn skills such as welding, robotics and electronics, through a mix of classroom based and hands on work.

You will work towards a **Level 3 Maintenance Technician Qualification**. Upon successful completion of the apprenticeship you are guaranteed a permanent position in our highly skilled maintenance team.

APPLICATIONS NOW OPEN!**

WHAT IS IT?

During an exceptional 44 month training programme you will learn and develop the technical skills and theory to become a member of our outstanding maintenance team.

A maintenance member develops and maintains equipment so our production team can produce the Toyota Corolla to perfect standards every time, on time.

Training in our onsite Apprentice Development Centre, you will learn skills such as welding, robotics and electronics, through a mix of classroom based and hands on work.

You will work towards a Level 3 Maintenance Technician Qualification. Upon successful completion of the apprenticeship you are guaranteed a permanent position in our maintenance team.

WHAT WILL YOU DO?

STAGE 1: For the first 22 months, you will train in our onsite Apprentice Development Centre, gaining practical experience in a variety of skill areas and learning the technical theory behind them.

STAGE 2: Your final 22 months will be spent in a hands-on role, learning how to practically apply and develop your new skills in a real-work environment. You will work alongside and be supported by our high skilled maintenance team members.

To develop your teamwork, communication and leadership skills, you will also spend time away from site on an outdoor activities residential and a community volunteer project.
