Introduction to Talaxy – Our New System to Help Keep You in Touch

Dear Parent/Carer

Firstly, our apologies for the delay in opening access to school information. We have moved from the INSIGHT parent portal to a new app-based service called Talaxy which is operated by the same parent company as INSIGHT.

Talaxy is the information system we will now use to keep everyone informed of student behaviour and progress. It is used by Teachers, parents and students to manage the ever-growing information required in daily school life. Student access to their app will be rolled out as early as next week.

How do I access Talaxy?
You will receive an email inviting you to sign up to Talaxy. Simply click on the link in the email to create your account. You can choose to register using your email address or sign in with Google, Facebook etc.

Once you have signed up and verified your account you can access the site at any time by visiting:

https://ANTHONYGELL.talaxy.app

The App is accessible on PCs or mobile devices including Android and Apple operating systems (further information is given at the end of this document).

Once you have logged in you will be able to select functions from a menu. The image below is a screenshot of what is available. Please bear with us while we add to the information that is currently there e.g. homework (which will be set on Talaxy and accessible to you) and a diary will soon become available.

If you have any questions or issues relating to Talaxy, please contact the school using the following email:

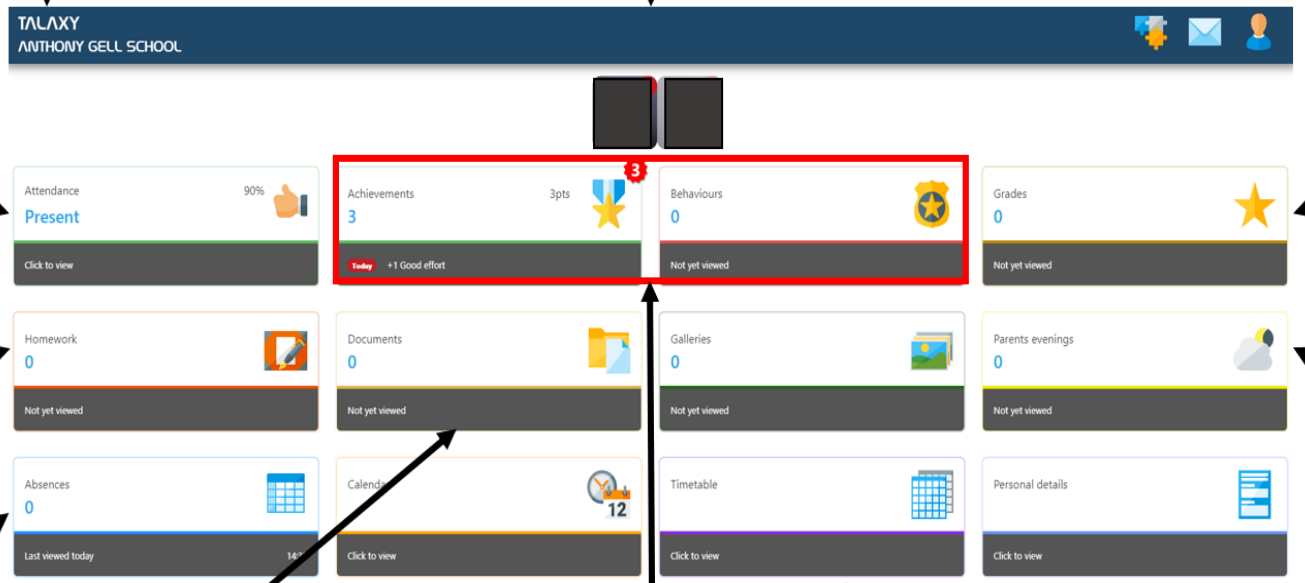
enquiries@anthonygell.co.uk

Kind regards,

Anthony Gell School

You can navigate back to this screen at any time by clicking here

If you have more than one child at AGS, you can sleet them here



Session (am/pm), and subject attendance is here

Homework is coming soon and will be accessible to you here

Details of absences will be shown here

Assessment data will appear here once issued

Parents' evenings will be booked here and all accessed here if virtual format is used

Your personal details and your child's personal details can be viewed here

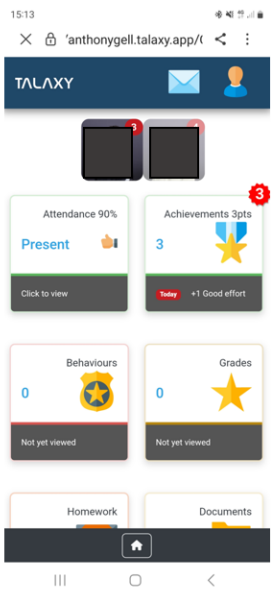
Any icon with a red circle and number in the corner has unread notifications

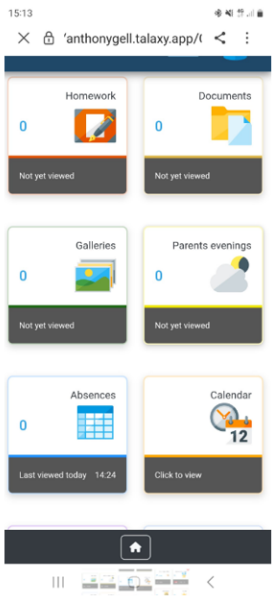
Linked documents e.g. termly assessment summaries will be found here

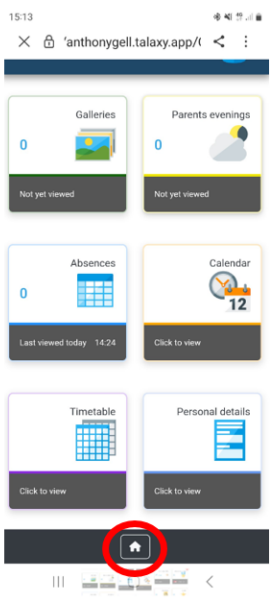
Currently this will show the timetable but other school events will eventually show here

Any positive points (achievements) or negative points (behaviour) issued by staff will be here

Your child's timetable can be found here (it will always show the current week's lesson).







The Home button will return you to this main menu

These images show screenshots of the phone enabled app, all functionality remains the same as in the main desktop menu

How to Get Talaxy on your Mobile device

Android

On your Android device, open Chrome "".
Go to Talaxy **https://ANTHONYGELL.talaxy.app/**
Tap the three dots at the top of the screen and Install.
Follow the onscreen instructions.

Apple

On your iPhone or iPad, open Chrome "".
Go to Talaxy **https://ANTHONYGELL.talaxy.app/**
