

A Level Media Studies **Learning Journey**

Beyond AGS

Media provides students with a range of skills which will support both academic and vocational routes. The theoretical components of the course provide students with skills such as critical thinking, analysis, evaluation, time management and essay writing skills and more whilst the coursework develops research, planning, technical and creative skills. These skills will provide students with the choice of a huge array of career opportunities in the media. If you are looking for a job in this area, studying Media at GCE and at degree level is a route into careers such as TV and film production, advertising, journalism, interactive media, and digital marketing. It could help to provide you with the foundation to secure roles in technical production. special effects, web design and postproduction. There has never been a better time to become a Media Studies student.
